CONTROL VIA BLUETOOTH
APP

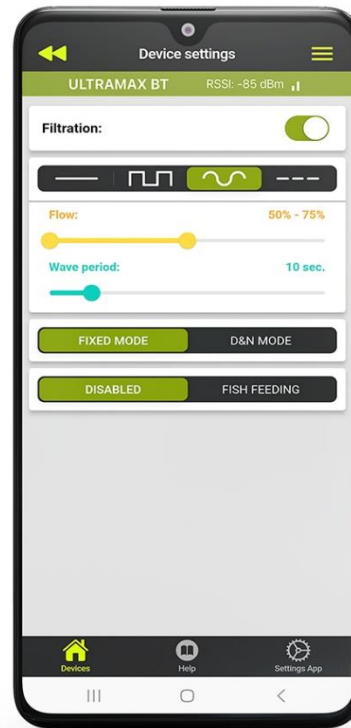

AQUAEL BT

A technologically advanced canister filter, now even more convenient with control via the Aquael BT app using Bluetooth technology! This innovation allows smooth performance adjustment, making the filter suitable for tanks from 100 to 750 liters.

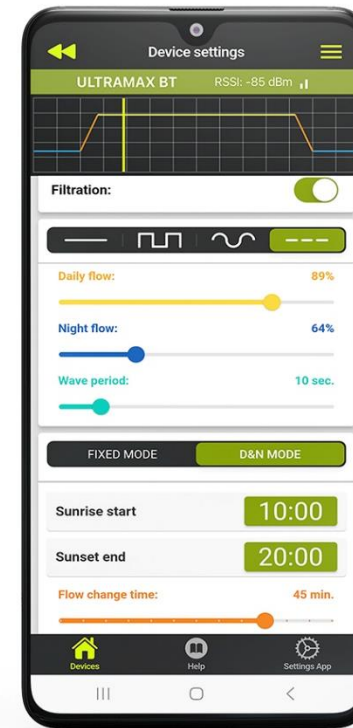

Patented solutions ensure excellent efficiency and user-friendly operation. The filter maintains perfectly clean water in even the most demanding freshwater and marine tanks.

Adjust and remotely optimize the conditions in your aquarium

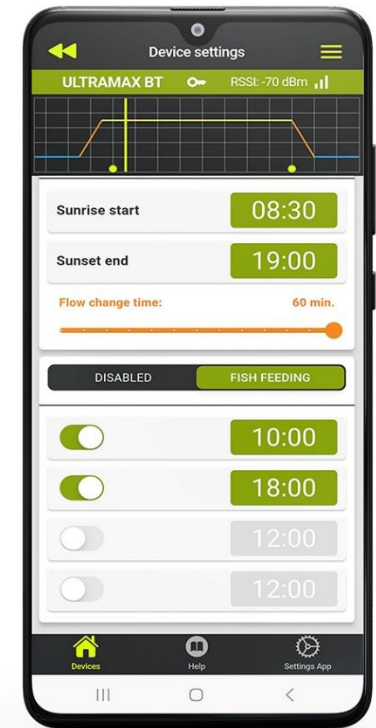

Flexible flow
modes

Intelligent
Day&Night mode

Reducing efficiency
when feeding fish

Ultramax BT

External filter

Easy access to
filter functions

Modern, energy-efficient
engine

2200 l/h
6,1–13,5 W

Self-priming system

Prefiltr

Double Ball
Valve System

Filter Media
Capacity

10,1 l
(with prefilter)

Ultramax BT

External filter

Control

Aquael BT App

- **Full control of filter** functions without having to approach the aquarium
- flexible, programmable **flow modes**, including feeding
- Intelligent **Day/Night mode**
- **PIN** lock and error monitoring
- Interactive **filter work graph**

Safe

- **automatic error signaling**–
When the motor rotor is inoperative or stuck, a beep sounds and the function LEDs start pulsing
- powered by a safe voltage of 20 V

Ultramax BT

External filter

Convenience of use

- Easily accessible **prefilter in the lid** – protects and cleans the filter media less often
- Effective **self-priming mechanism** – quick start of the filter
- **Dual ball valves** – water spill protection

Ultramax BT

External filter

Effective filtration

- Space **for 10.1 l of filter media** to be freely composed according to the needs of the tank
- Infinitely variable **capacity control** (up to 2200 l/h)
- **Modern, energy-efficient motor** for high lift of up to 230 cm with a maximum power consumption of only 13 W
- **5 capacious baskets** for each type of filter media

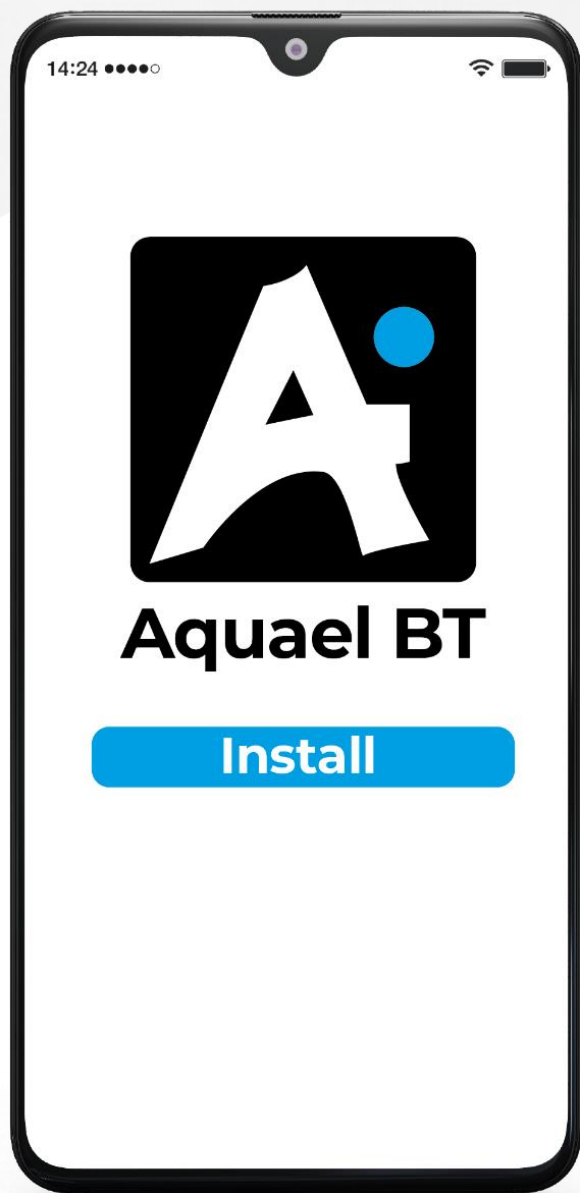

Ultramax BT

External filter

Aquarium capacity	100–750 l
Pump power	6,1-13,5 W
Pump capacity	2200 l/h
Maximum Lift	2,3 m
Quiet filter operation	<32 dB
Capacity for filter media	10,1 l (9,5 l + 0,6 l)
Number of baskets for filter cartridges	5 Pcs. × 1,9 l
Filter cartridges included	1 × 20 ppi sponge 1 × 30 ppi sponge 1 × 10 ppi prefilter 2 × filter wool 1 × BioceraMax 600
Hose length	2 × 1,5 m
Hose diameter	19/25 mm
Simple self-priming system	Yes
Patented double ball valve system	Yes
Dimensions with valves (H × W × D)	27 × 29 × 51 cm
Designed for fresh and salt water	Yes
Index	133420
Pallet quantity (pcs)	32

AQUAEL

Aquael BT Application

All functions in one mobile app

We strive to keep up with the latest technological solutions. That is why we propose to make the maintenance of your aquarium easier with **Aquael BT App**.

Remote control of your aquarium lighting, heating and filtration!

Communicate with your aquarium equipment via your smartphone or tablet using Bluetooth technology.

The app can also control multiple lamps and filters at the same time, as well as share access between other people.

Aquael BT App

Settings personalisation

Use the Aquael BT App to tailor the operation of the units to the individual needs of your aquarium!

Set filter flows and modes, lighting intensity or heating temperature – all in a user-friendly way with simple gestures on the screen. Follow the natural diurnal rhythm using your smartphone or tablet.

It's all about Custom mode!

Gain precise control over the processes taking place in your aquarium. Take advantage of the technological innovations to make your aquarium an oasis of perfect balance.

Aquael BT App

BT

Comprehensive control of filter functions – precise setting of the water flow rate

Selectable filter modes, between fixed mode and three ripple modes

Feeding schedule – reduced water flow efficiency during fish feeding

Protect filter settings with PIN lock

Set lower flow rates at night to replicate natural conditions

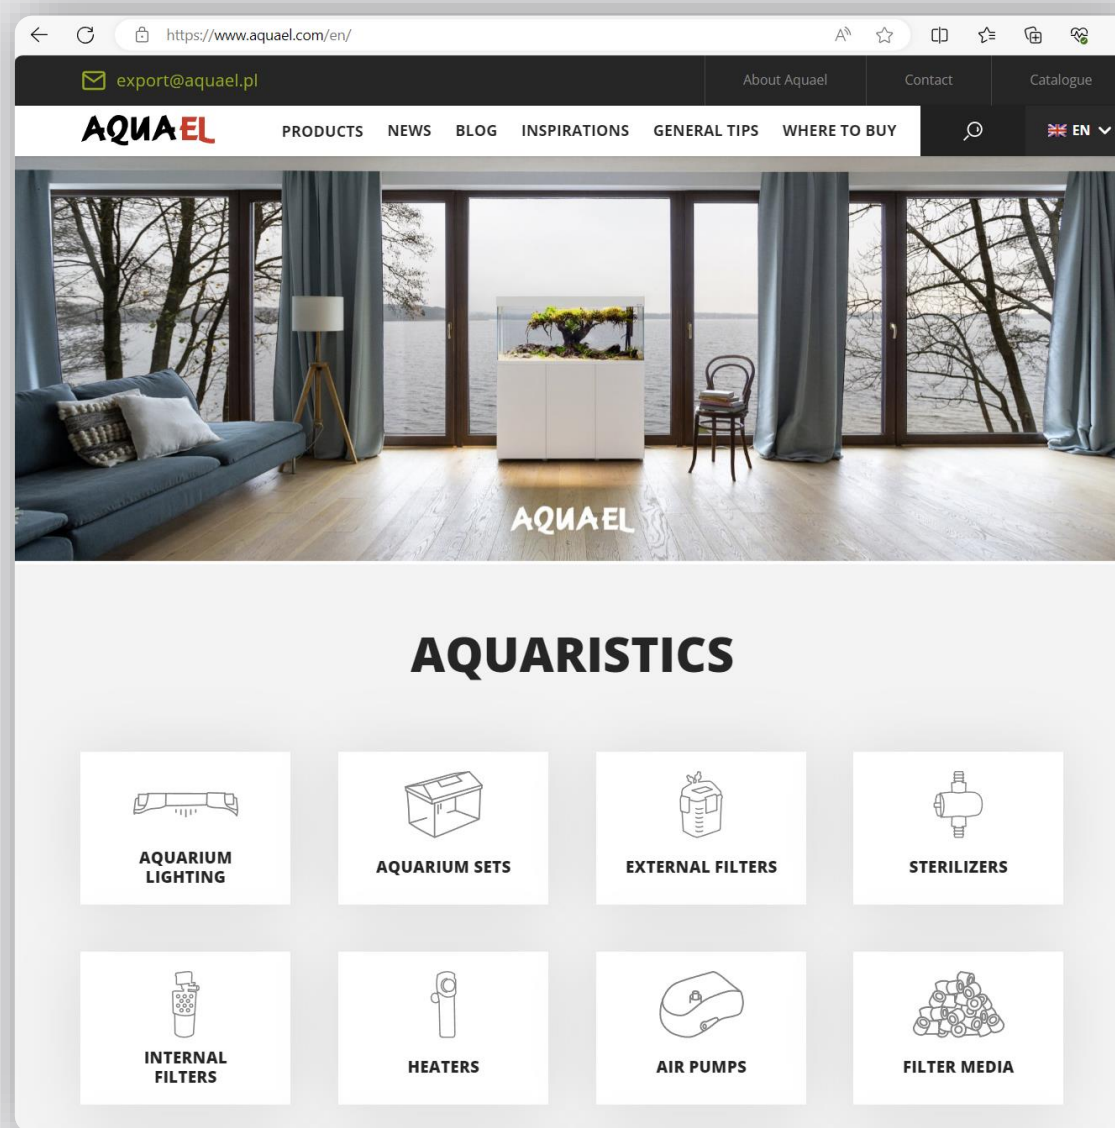

The changes occur gradually, without sudden spikes, to reduce stress in the fish

Set a separate night flow
